The *Argus* says Ex Gov Washburn, Hon S C Andrews and S T Corser, lately made a tour of inspection over the line of the Rumford Falls & Buckfield railroad. Work is progressing on the extension to the new steam mill and everything indicates not only an excellent and permanent but also a paying road Everybody speaks well of the management and equipment of this enterprising and successful line The company have recently purchased the gravel ridge near their station at Sumner and have put on a train for carrying gravel to points along the line An engine, constructed so as as to run over the road when necessary, is used at one of the yards at that place, sawing wood for the use of the road A crew of half a dozen men can saw about forty cords per day

A Republican State Convention

WILL BE HELD IN

NOROMBEGA HALL, BANGOR,

Thursday, June 26, 1879,

at 11 o'clock A. M.,

for the purpose of nominating a candidate for Governor, and for transacting whatever business may properly come before it.

The basis of representation will be one delegate for each city town and plantation, and an additional delegate for every seventy five votes cast for the Republican candidate for Governor in 1878 A majority fraction will be entitled to a delegate

The State Committee will be in session the evening preceding and at 9 o clock the morning of the Convention, to receive the credentials of delegates

In selecting the Delegates the Republicans are urged to assemble in full numbers and to invoke the aid and co-operation of all voters who are willing to unite with them to the following ends

1 To maintain the power and prestige of the Union against all attempts to subvert or oppose its just authority and to insist that the Government of the United States shall be controlled by loyal men

2 To discountenance and reprobate the treasonable and revolutionary course of the Democrats in Congress who threaten to cripple and destroy the functions of the Government if Constitutionally prevented from enacting their partisan measures into Law

3 To uphold the right of the United States to enforce its own laws wherever they are to operate and to frown down and put down the dangerous heresy of the States Right secessionists who have already plunged the country into one bloody war, and who are now attempting to control the Government of the Union with the same measures that preceded the rebellion of 1861

4 To insist upon free elections—not only free from National military interference, which no one desires but also free from the interference and violence of so-called State militia and the assassins who with deadly weapons have seized the polls in many of the Southern States driving innocent and defenceless voters from the ballot-box and making a mockery of elections, which war upon free suffrage has been made a distinct political issue by every Democrat in the Senate and House voting against a measure designed to prevent and suppress it.

5 To uphold the financial credit of the Government and to assure to the people of all sections a sound currency equivalent to coin at all times and in all places, and redeemable in coin And to this end to oppose all distracting, repudiating and mischievous efforts against the peace, welfare and industrial prosperity of the People

6 In these aims and purposes all citizens of Maine are invited to unite that the hands of the President and of the Republican minority in both branches of Congress may be strengthened in their efforts to uphold the honor of the Government and the just authority of National Law

A PARTISAN FRAUD

The Lewiston *Journal* refers to the gentlemen who at the request of the Governor appraised the property at the State Prison as a "fusion commission" When did Mr N B Blake of Bangor 'fuse'? At last accounts he was a Republican and a particularly hard headed one at that—*Portland Argus*

The misuse of the name of Hon. Newell Blake of this city, by the *Argus* proves to be a particularly impudent partisan fraud which we will plainly expose

The *Argus* of Thursday morning brought out under staring head lines nearly a column of figures calculations and comparisons purporting to be the official report of the board of five Commissioners appointed by the Governor and Council to appraise the property and make schedule of the accounts at the State Prison The *Argus* carefully prefaced the document with a statement of the names of the Commission carefully putting Mr Blake's name first to give character and appearance of political impartiality to the report After thus parading the names of the Commission the text was given below as their report We noticed yesterday in examining the *Argus* that while the document commenced in due form there were no signatures appended to it in print We suspected trickery then and upon applying to Mr Blake we obtained information that fully confirmed our suspicions

In the first place it proves upon examination that nearly half a column of the figure comparisons and deductions printed in such a manner as to appear a part of the report were *appended* to it in the *Argus* for purely partisan purposes, so that about half of the array of matter purporting to be the Commission's report was fraudulently foisted upon the public

But worse than this While making such ostentation of parading the name of Mr Blake the signatures were entirely omitted from the printed report because Mr Blake *refused to sign it except with an unequivocal dissent* from an important portion We learned several days ago that the report was being concocted at the Prison by certain of the Democratic members, aided by the new Warden and a convict and that report was carried to Augusta where Mr Blake first saw it on Wednesday On examining it he at once declined to indorse the arbitrary and obviously hap-hazard statement that the notes and accounts were worth only 50 per cent or perhaps 25 per cent of their face He declined on the ground that the Commission had only been required to make a schedule of the notes and accounts and not to estimate their value and further because those notes and accounts had not been examined by the Commission for the purpose of appraisal.

In appending his signature therefore he accompanied it with a positive refusal to indorse that hap-hazard estimate, and because the *Argus* wished to suppress this expression of dissent, *it omitted all the signatures* and gave no intimation that the document was not unanimously approved!

When it is noticed that this easy-going method of wiping out fifty per cent. of all the notes and accounts furnished **$30,071 39** of the loudly proclaimed shrinkage the duplicity of the *Argus* in omitting to show the character of the signatures while laying stress upon the false intimation that Mr Blake, "a Republican," had indorsed the report, will be fully appreciated by the admirers of that conscientious journal

The intelligent public will so readily perceive the animus of this attempt to create campaign capital, that it is hardly worth while to discuss the manner in which these appraisals were made We need only mention that the property in the carriage department was appraised by a Democratic carriage-builder of Augusta, who has been fiercely hostile to the "competition" of the Prison manufactures, and that in valuing stock that had been kept on hand and carefully seasoned for years, he admits, as we learn from Augusta, that he gave it only the value of green lumber All who understand the special importance and value of long-seasoned stock in carriage building, will perceive in the above-mentioned fact an indication of the intelligence and fairness of the appraisal of that department. One other feature of this campaign fraud requires brief notice. The report was not signed and ready for delivery to the Governor and Council until Wednesday afternoon, and yet it is evident that the text and the mass of additional computations appended to it were in type in the *Argus* office before the document had ever been seen by Mr Blake. The *Argus* had its column of elaborate figures in Thursday morning's issue, accompanied by editorial comment, which in that paper is a sure sign of a subject several days old.

This whole sensational raid on the State is a transparent campaign fraud, and the very methods used by the *Argus* to mislead and cheat the public will really serve to show the contemptible motive that has inspired it.

THE COLORED RACE IN KANSAS.

(From the Providence Journal)

An agent of the St. Louis Relief Association for the assistance of colored refugees from the Southern States has made a visit of inspection to Kansas, for the purpose of examining the condition of those who are already there, and the provision and prospects for the present emigrants. His report is most favorable In the first place it reveals the fact that there is already a larger colored population in Kansas, in proportion to its inhabitants, than in any other originally free State in the Union. It now numbers forty thousand, of whom more than three thousand have come this spring As a general thing, the colored people of Kansas are thrifty orderly and moral Paupers and thieves are very rare among them, and they live on the best of terms with their white neighbors, and are respected as civil and industrious citizens The greater portion are scattered like any other nationality but there are also several colonies, where they are in a great degree by themselves One of these, Nicodemus, in Graham county, comprises an area of nearly a hundred miles square, and consists of upwards of two hundred families They have absolutely prohibited the establishment of saloons and support churches and schools. There are other colonies of less extent in equally prosperous circumstances It is not thought, however, either necessary or best that the negroes should be established in colonies by themselves When scattered among the white population they are able to get a quicker start by laboring at times for their neighbors, and the advantages for education and improvement are better, while they avoid any evil that may come from clannishness or segregation They are treated with equality and have learned to respect as well as to sustain themselves

Their success has thoroughly demonstrated the fact that the negro can live and flourish in Kansas, and their example will have a strong effect in retaining those who have recently come and who have had a less intelligent idea, and consequently are more liable to disappointment Many of them were no better off than the present emigrants, although their exodus partook less of the nature of a stampede, and they were able in some degree to make better preparation for flight. They received little or no assistance from their white neighbors, and have achieved their independence by their own energy and thrift Many of them have but a small margin over the rudest pioneer establishment, but it is equal in material supplies to that which they abandoned and has the inestimable advantage of being a thorough independence, which is capable of constant and rapid improvement The larger proportion of those who emigrated from the Southern States did so for the same reasons that have influenced the present emigrants desire for political liberty and social equality, fear and experience of abuse and inability to acquire an independence Many of them are free to say that they would prefer to live in the Southern States if they could enjoy the same privileges that they do in Kansas but that without them they much prefer the latter What is more significant still, few or none of them have gone back. Mr Hill the founder of the colony of Nicodemus says that in his experience of bringing over five thousand persons to the State, he knows of only two men who have gone back The fact that the negro can live in Kansas in comfort and prosperity, has been abundantly proved by a large experience.

The present emigration is in some respects different The emigrants have come suddenly and in considerable numbers, and have been influenced by gregariousness and impulse as well as by calculation and intelligent knowledge They are more destitute than their predecessors and are likely to suffer more before they can be located and begin life Therefore there is likely to be more disappointment among them, and some are likely to return from whence they came But active efforts are being made to relieve their distress and to establish them where they can labor, and the exodus does not exceed the present means of dealing with it The majority of those who have reached Kansas will not go back, and those who do, will be those of least stamina and value as citizens Their stories of disappointment will soon be outworn and a better and sounder knowledge be spread throughout the South Nothing will stop the exodus or at least prevent its being continually renewed, except the establishment of a new order of things at the South, political and social equality for the blacks, honest dealing and encouragement to independence. Without these, the fertile and congenial fields of the South will be abandoned by the race alone fitted to cultivate them, for the comparatively bleak and barren plains of Kansas, and the sooner the Southern people acknowledge the fact and shape their conduct accordingly, the better it will be for them and their section

---

The *Commercial* recently displayed and cackled loudly over an alleged letter from the editor of the Okolona *Southern States*, the red-hot Mississippi Bourbon whose utterances had attracted attention It purported to be addressed privately to the Chairman of the Ohio Republican State Committee, referring to an indorsement by Mr. Frye, and speaking of arrangements with Republicans to aid its circulation The bogus nature of the thing was apparent, and now Kernan, the editor, brands it as "an infamous forgery." The Memphis *Avalanche* adds "Of course the letter was a forgery, and a very stupid one at that The head of the newspaper editor who swallowed it as genuine should be bored for the simples."

The Portland *Argus* does not like the call for the Republican Convention, and Republicans will like it all the better for that fact.

While the *Commercial's* mouth is so wide open in denunciation of the report on the Prison property last year, let us gently remind it that Hon. Edmund Wilson, a Democrat in "good and regular standing" and a gentleman whose integrity has often been eulogized by that paper, joined in making that report. The Portland *Press* says, "Mr. Cushing believes that the valuation he and his colleagues have put upon the property is just, and he emphatically denies that the Prison has been mismanaged or extravagantly conducted."

FORTY-SIXTH CONGRESS—First Session.

Senate

WASHINGTON, D. C , May 23

The Senate took up the bill making subsidiary coins exchangeable for lawful money and to make such coins a legal tender in sums up to $20. The Committee amendment to substitute $10 for $20 was discussed and the bill supported by Messrs. Bayard, Booth Ferry and Kernan and opposed by Messrs Edmunds and Thurman. The morning hour expired and the bill went over without action and the Senate took up the contagious diseases bill

The amendment restricting the time of the act remaining in force to "four years after its passage" was adopted

Mr Jones moved to substitute "any merchant ship or vessel" for "any vessel engaged in transportation of goods or persons." Adopted.

Mr Whyte moved to strike out the clause punishing violations of the Rules of State health boards and the rules of sanitary associations Rejected.

Mr. Harris moved to substitute "rules and regulations in pursuance of this act" instead of the rules of sanitary associations Adopted.

On motion of Mr Harris the penalty was reduced to $1,000.

Mr. Edmunds opposed the bill on Constitutional grounds, charging the Democrats favoring it with inconsistency in arguing lately in favor of keeping the federal power from interfering with States in certain matters and now advocating the opposite in another matter

Mr. Blaine thought the general Government was authorized to establish a National quarantine and it ought to exercise its power and protect the general health.

Mr. Edmunds said no such power had been delegated to the United States, and if the general Government could interfere in local health regulations it could interfere with everything that goes on in a State.

Mr. Blaine said Congress has regulated commerce between States and even within the boundaries of individual States in the interest of health.

Mr. Eaton said the bill had nothing to do with commerce except as a pretext for its enactment.

The bill then passed and the Senate took up the bill relating to the transportation of animals but without action thereon went into executive session and adjourned.

House.

Mr. Atkins, from the Committee on Appropriations, reported back the Senate amendments to the legislative bill and stated that he was instructed to move concurrence in all of them. It was hardly necessary, he said, to give a reason for that instruction. There were some of the amendments in which the committee would not under any other circumstances concur, for instance the increase of salaries of Senate officials. This increase amounted to over $45,000. He stated in reply to Mr. Conger that the Senate had made no amendment in the political features of the bill. The amendments were concurred in The Speaker called committees for reports of a private nature.

The Legislative bill now goes to the President.

The House resumed consideration of the silver bill, the question being on the laying on the table the motion to reconsider the vote ordering the main question on the 8th section and amendments.

On suggestion of the Speaker the motion to reconsider was withdrawn and the 8th section was then formally agreed to and that action immediately reconsidered, thus getting rid of the previous question and opening the bill to amendments.

Mr. Ewing moved to amend his yesterday's amendment so as to provide that bullion certificates may be issued at bullion's actual market value in standard coin of the same metal. Mr. Garfield made a point of order which was overruled. The question was raised by Mr. Reed, of Maine, and discussed by him and Mr. Garfield as to why the Government should pay in Denver the price of silver in New York and pay for transportation to New York or Washington.

Mr. Warner—That's exactly what the Government is doing now.

On motion Carson City, Nev., and the Government Assay Offices were inserted in the 8th section and then the section was adopted as a whole.

The 9th section providing only coins of smaller denominations than a dollar be fabricated on Government account, was taken up. Mr. Warner moved an amendment relating to the coining of bullion etc, which after considerable discussion and a sub-amendment by Mr. Cameron was adopted.

On motion of Mr. Reagan the 10th section was stricken out.

Mr. Warner moved the previous question on the last section and after considerable discussion and several motions to adjourn the section was agreed to. He then moved the previous question on engrossment and third reading, when the Republicans refused to vote. Several motions to adjourn were voted down.

At 1 A. M. the house was still in session with a prospect of remaining so some hours although there is an understanding that a final vote on the silver bill will not be taken until to-day (Saturday.)

1.45 A. M. The House is still in session.

A DEMOCRATIC SCHEME

To Gain Power by Fraud.

The House Committee's Electoral Count Bill.

The Legislative Bill.

BOSTON, May 23. A special to the Boston Journal from Washington says that the bill agreed upon by the House Committee on Electoral Count Thursday is regarded by the Republicans as another scheme on the part of the Democracy to put the control of the Presidential election in their own hands in the event of a close or doubtful contest in 1880. The bill proposes in effect that in case of any contest between different sets of electors in any State the Supreme Court of that State shall decide between them, and that that decision shall be final unless it shall be overturned by the concurrent action of the two houses of Congress.

A Method of Defeating the Real Result of Elections.

Experience has shown that it is an easy matter to secure contested electoral certificates in many States, and unscrupulous persons such as those who managed the cipher despatches, might find it very easy to dispute the validity of honest electoral returns, even from so great a State as New York, and by the machinery of this bill to defeat the real result of the election. The scheme proposed by the House Committee to-day was first suggested in a bill in 1800, the defects of which were strikingly shown in debates at that time.

The Legislative Bill.

Chairman Atkins reported the Legislative bill back to the House to-day, as he was instructed to do by the Committee, but he did it in a very half-hearted way. Warner Ewing and other inflationists opposed him, and Atkins, although instructed by the Committee to report the bill for concurrence, did not take advantage of his rights. This was more significant in view of the fact that Senator Beck came to the House and protested that the bill ought to be immediately acted upon. Atkins said to-night that it was even uncertain whether the bill would be presented to the House before Monday, as a majority of the Democrats are determined that the Silver bill shall go to the President for a veto as soon as possible. The Attorney General stated to-day that the President's veto of the Appropriation bill is already prepared.

WASHINGTON, May 23. The Legislative bill will not go to the President until Monday.

THE QUESTION OF ADJOURNMENT.

The Various Opinions Expressed.

BOSTON, May 23d. The Advertiser's Washington special says that an indication as to the sentiment among the Senate Democrats concerning the adjournment appears from inquiries made Thursday by Senator Plumb. He desires to be absent for two weeks, and consulted several members on the Democratic side who are regarded as executors to settle the affairs of the estate, and they concurred in the opinion that he would be entirely safe in calculating that the session would last at least until the middle of June A leading Democratic Representative said that, although the Democrats have not yet found any definite plan, it is their agreed purpose to pass enough measures which the President will not approve, so that his vetoes will become odious to people, and that the carrying out of this purpose will consume considerable time.

The Journal's special states that there are those who oracularly assert that the session will be ended next week, while others talk about remaining here until the first of August. It is pretty certain, however, that after the Legislative bill shall have been vetoed and a joint Democratic caucus meets it will be found that a diversity of opinion exists among the majorities at either end of the Capitol Whether there will be enough Democrats to join the Republicans in passing the appropriation bills without riders remains to be seen

NEW YORK CITY.

A Letter From Secretary Sherman.

NEW YORK, May 23. The Herald says the following letter of Secretary Sherman was addressed to a war Democrat of this city, who served in Congress with him.

TREASURY DEPARTMENT,
Washington, May 17th, 1879.

DEAR SIR—Your personal letter of the 6th is received. I assure you that although very much hurried while I was in New York, I would have made an appointment of time and place to see you, but there was no address upon your card and I did not know where to send you word. The movement to start me as a candidate for Governor of Ohio, was merely sensational, and while it would have been very heartily responded to in Ohio and no doubt would be successful in the sense that I could be elected Governor, it would clearly be wrong for me to entertain it. So many persons are interested in the continued success of refunding and resumption, that it would seem like desertion of public duty and I would never be forgiven if any hindrance should occur in the way of either

What I would aspire to in case public opinion should decide to make me a candidate for the Presidency, would be to unite in co-operation with the Republican party all the national elements of the country that contributed to or aided in any way in the successful vindication of the national authority during the war. I would do this not for the purpose of irritating the South or opposing them in any way, but to maintain the supremacy of the national authority to the full extent of all the powers conferred by the Constitution. This, as I understand it, is the Jacksonian as well as the Republican view of the national powers. You see my general ideas would lead me to lean greatly upon the war Democrats and soldiers in the service who have been influenced by political events since the war to withhold support from the Republican party. The true issue for 1880 is national supremacy in national matters, honest money, and an honest dollar.

Very truly yours,
JOHN SHERMAN,

Great Fire in Brooklyn.

BROOKLYN, May 24. A fire broke out at half past 8 last night in Fowler's linseed oil works and is still burning this morning. The loss will probably be $300,000.

WASHINGTON.

General Legislation to be Stopped.

NEW YORK, May 23. A Washington special says that Congress may perhaps pass the Yellow Fever bill, but beyond this no general legislation at the present session is possible. The determination of the Republicans to obstruct all general legislation in the House will prevent anything being done.

THE N. Y. THIRTEENTH.

Enroute For Canada.

ST. ALBANS, Vt., May 23. The Thirteen, New York, regiment arrived here at 1:40 en route for Montreal to take part in the Queen's Birthday celebration. Chaplain Henry Ward Beecher joined the regiment here.

THE EXODUS.

The Refugees in Kansas.

ST. LOUIS, May 23. The Governor of Kansas, in a letter to the Governor of Colorado, thanks him for his financial assistance in the matter of the negro exodus. He says in relation to urging negroes to colonize in Colorado, that Kansas will have no difficulty in meeting the demands made upon it by the negroes unless they greatly increase in numbers. He says the whole people of the South are generously contributing to the exodus fund.

MINSTREL ENTERTAINMENT. The second entertainment of Duprez & Benedict's Minstrel Troupe at Norombega Hall last evening was well attended and afforded considerable amusement for the audience. There was an entire change of programme, and the various parts, with the exception of the singing, were well rendered. Warfield created lots of laughter and Fox and Ward, the dancers, were favorites with the audience.

CITY HALL. When the carpenters undertook to repair the gutters on City Hall they discovered that they had been thrown out of place by the settling of the roof. It will be remembered that the galleries in the hall are supported by rods running down from the roof, and this weight has caused the timber to settle somewhat. It is now proposed to place supports under the galleries, thus removing this strain from the roof, which will be repaired at once. The carpenters are now at work on the building.

BARNUM'S CIRCUS. There was some talk on the street yesterday that Barnum's Circus would not visit the Provinces on account of the high duties on their equipments. Mr. Couldock, the contracting agent, informed us yesterday that he had been waiting here for orders, and that he received a letter yesterday telling him to proceed to the Provinces according to the original programme. The celebrated advertising car, that attracted so much attraction last season, will arrive this morning and go out on the St. John train.

THE HORSE. In an excellent article on the horse interest of Maine, the Maine *Farmer* says: Maine is in many respects well adapted to the breeding of horses. We have in the State the finest strains of blood that can be found in the horse kind. Messenger, Boston, Sir Archy, Lexington, Justin Morgan, American Eclipse, Grand Bashaw, Alexander's Abdallah, Rysdyk's Hambletonian, Ethan Allen, Hiram Drew, Fearnaught, Winthrop Morrill, Almont, Gen. Knox—all founders of families, and names that will live long after many a man who vainly flatters him-elf that he is of consequence to the world is forgotten.

THE BUCKSPORT BAND has been engaged to furnish music for the Memorial services in that town next Friday. Mr. Hibbard, a member of the Band, was in the city yesterday for the purpose of getting a number of uniforms from the Jameson Guards. The old uniforms furnished the Guards by the State, which they are anxious to dispose of, are the ones that the Band want, and if they prove satisfactory they will probably purchase them, and the Guards will use the money thus obtained towards defraying the expense of getting new uniforms.

AN AGED ANIMAL. A few days since we published an item in relation to an aged horse, the property of Mr. Giles, of Sangerville, the animal being twenty-one years old. Yesterday we learned that we have a horse in our own city that fairly eclipses the one mentioned above, it having reached the ripe old age of thirty-one years. The animal is owned by Mr. Jos. Parker and is as fat and smooth as a colt. Mr. Parker got the horse twenty-four years ago and since then he has worked him all of the time until within the past year, during which time he has only been used enough for exercise.

NORTHPORT. The season of excursions from up river to the Northport Camp Ground has opened, and that favorite summer resort has been put in apple pie order for the coming visitors. The roads have been mended, the open ground sloping away from Paradise Row has been converted into a neat little park, twenty-five rooms have been added to the hotel, and the general appearance of the whole place has been decidedly improved. Mr. William Doane, of Brewer, is to build a handsome cottage this summer, and a Waterville gentleman is also to erect a pretty residence. The Camp Ground will this season be placed in telegraphic communication with the rest of the world.

MEETING OF RAILWAY SUPERINTENDENTS. Thursday afternoon a meeting of railway Superintendents was held at the office of Superintendent Tucker, of the Maine Central, to arrange summer time tables for their respective roads, which would enable the roads to form ready and quick connection with each other. There were present Superintendents Tucker of the Maine Central, Furber of the Boston & Maine, Hamilton of the Ogdensburg, Lunt of the Portland & Rochester, Turner of the Nashua & Worcester, Coombs of the Knox & Lincoln, Sanborn of the Conway branch, and Master of Transportation Hornby of the Eastern. It is probable that the summer time tables will go into effect on the roads the Monday prior to July 4th.

MASONIC CELEBRATION NOTES. The Belfast *Journal* says: "Some of our Provincial neighbors of New Brunswick have expressed a desire to be present at the dedication of the Masonic Temple in the city, on July 4th, consequently an invitation has been extended to a Commandery at St Stephens. It has been thought advisable, on the part of some, to have present at the dedication David Webster, of Castine, the only surviving petitioner for Belfast lodge, in 1816. It would be an interesting feature. Mr. Webster has been blind for a number of years, but still has an attentive ear for Masonry. The proof sheet of R. P. Chase's dedication march has been received from the Boston printers. The title page is a representation of the main entrance of the Temple,—the two pillars surmounted by the cupstone. In the centre is a fine picture of the Temple, after a photograph by Tuttle. The whole is from a pencil drawing by Percy A. Sanborn, and is a handsome picture."

ARRESTED FOR AN ASSAULT A man by the name of Frederick Ellingwood, of Newburgh a farmer in comfortable circumstances, was arrested yesterday on the complaint of Rev. G. T. Ridlon, of the same town, for making an assault on him. It seems that Mr Ridlon called at a store in that town Thursday and while there Ellingwood came in, and after some words he attempted to put the minister out of the store They had quite a scuffle, during which the minister was thrown down, his shoulder dislocated, and pretty severely used before they were separated The minister came to this city yesterday, had the dislocation reduced and then called upon His Honor Judge Goodenow, who issued a warrant for the arrest of Ellingwood. The parties appeared in the Police Court yesterday afternoon, where the respondent waived an examination, and gave $500 bonds for his appearance before the Supreme Court. Woodard for the prosecution and Varney for the defense The minister also intends to make a civil suit for damages. It is understood that jealousy was the cause of the assault

BAR HARBOR NOTES. The *American* says Charles T Howe, Esq , of Boston, who has one of the finest summer residences here, is employing quite a number of men in beautifying his grounds ——The work on the West End Hotel is progressing rapidly The frame is nearly up and every effort is being made to have it completed and ready for guests by the middle of July ——M. Desisle's new hotel will soon be completed and will doubtless be ready for the reception of the first summer tourists.——Mr. W A Jordan has nearly completed two very fine cottages on Philadelphia avenue for Col. Holland.——A new stable, carriage house and shed are being erected on the grounds of Mrs. Haight. Her Swiss cottage is one of the most charming residences here.——Cottages for summer visitors are being built by Mr Nathan Ash, Mr. Frank Alley, Mr. Alonzo Ash, Mrs. Clara Walls, Miss Alma Ash, Mr. Lewis Day, Mr. James Forster and others. Other cottages are being erected to be occupied by the owners —— Hotel proprietors report more applications for accommodations already than ever before. The probabilities are that a largely increased number of guests will visit here this season and that they will commence to arrive much earlier.

ELIZA WEATHERSBY'S FROLIQUES — We would remind our readers that the tickets for the entertainments by Eliza Weathersby's Froliques and Mr. N. C Goodwin Jr., in Norombega Hall next Wednesday and Thursday evenings, will open at Bugbee & Co.'s this morning. The price of tickets has been placed at 50 and 75 cents and these favorites will undoubtedly be greeted by large audiences. The following is taken from the Cincinnati *Times*:

Eliza Weathersby's Froliques, close a very successful engagement at Pike's, this evening. Their audiences have been increasing nightly. The performance of these very funny people is their best advertisement. Mr. Goodwin has developed into one of the best and most original comedians in the country. He has a peculiarly droll comical way of making his points that are irresistibly ludicrous. The beautiful Weathersby is handsomer, brighter and livelier than ever. Miss Delaro, the principal vocalist of the company, sings charmingly and with a fascinating expression that never fails to bring an *encore*. The other people of the company are excellent in their several parts. The "Froliques" give a more thoroughly enjoyable performance in the comedy line than any company on the road. They have been re-engaged by Manager Thompson, and will appear at Pike's in a new sketch later in the season.

Notes from Springfield.

A correspondent writes: Dunn, the newspaper swindler, succeeded in getting about $25 out of the people at Springfield recently, but the next day after he commenced operations there THE WHIG was received containing a reference to his swindling and he departed for Danforth, where the paper had preceded him and he was obliged to depart immediately. One of the parties from Springfield who had paid him for the insertion of an advertisement and subscribed for his mythical paper met him in Danforth and read the article in THE WHIG to him. Dunn expressed great surprise that THE WHIG should "slander him" and did not understand it. He offered to return the gentleman's money if he wanted it, and the man now regrets that he did not take it back.

A. W. Dennison, of Boston, the "tag" man, and Mr. Kennedy, of Cambridge, a cracker manufacturer, have gone to 'Dobsis' stream, where they own a fine club house with spacious grounds and the most comfortable arrangements for enjoying the fishing season. Mr. G. L. F. Ball, who resides there has charge of the property and they always find it in prime order for their reception.

Eight members of another club of Boston gentlemen who sustain an establishment at Duck pond were expected to arrive Friday.

The Black Fly Club has arrived and have establishments all along the road and are constantly reminding the tourist that they are prepared for "meals at all hours."

A grand juvenile concert was given at the Orthodox church, Springfield, Thursday evening, which was a very fine affair, The programme comprised twenty-one parts, duets, choruses, solos and instrumental pieces, and they were each finely rendered. Some of the voices were remarkably fine and all good. The participants have been under the instruction of Mr J. W. Cupples and evidently have received thorough training. The children were very tastefully dressed and the concert would have done credit to any place. It will be repeated next week for the benefit of Rev. Mr. Bessie, who preaches at Springfield occasionally. There is as fine a class of young people in this thriving town as can be found in Penobscot county, and from old and young the visitor receives every courtesy.

FROM DEXTER

Serious Accident — Political Aspect—Memorial Day — Convention of Reform Clubs—The Muster

DEXTER May 23d.

Editor Daily Whig and Courier

On Wednesday afternoon Mr. Stephen Haines, while running a saw in the sash and blind factory of Eldridge Bros., had his right hand badly mutilated, the saw split the forefinger nearly its whole length, mutilated the thumb, and cut a bad gash in the hand. It was necessary to amputate the finger and the thumb may also have to be taken off, though the surgeon tells us that if the patient were a young man, he would be pretty sure to get quite a good thumb. The wound was dressed by Dr G. B. Clough.

The political cauldron is beginning to boil here, and occasionally we see a knot of people on the streets, engaged in earnest discussion, in the course of which the voice is frequently elevated above the pitch that is really essential to be distinctly heard. The people here generally appreciate the fact, or appear to, at least, that the election this fall in Maine will be a most important one, and that the result will be regarded as very significant by the people in all parts of the country.

Memorial Day will be observed as usual in this place. The exercises will be under the general direction of "H F Safford" Post No 8, G A R, of which J D Maxfield is commander Dexter band Mr C O. Shaw, leader, will furnish music, and Dexter Light Infantry (Co D, Piscataquis Veteran Battalion) Capt. A P Fosset, will act as escort The oration will be delivered by Col. J. B Peaks, of Dover, a gentleman who has acquired a very favorable reputation as an eloquent and interesting speaker. The parade and decoration will come off in the afternoon, the oration and other exercises will occur in the evening at Town Hall

Rev James Boyd, formerly of your city, on Sunday next, will preach a Soldiers' Memorial Sermon at the Freewill Baptist church, in this village. The G. A. R , post will probably attend in a body. Mr Boyd has been here considerably of late, and the people generally are much pleased with his appearance. He is evidently an earnest, conscientious and consistent man

During the past winter the Sunday temperance meetings have been held at the various churches, at half-past 3 P. M —and once each month at Town Hall, in the evening Next Sunday, and thereafter until further notice, these meetings will be held at the Town Hall every Sunday afternoon A new board of officers was elected a few weeks since Mr G M. Sturtevant is now President of the Club.

The Convention of Reform Clubs of Piscataquis County, Dexter, Newport, etc , will convene at this place on Saturday, May 31st, and hold over Sunday. It is expected that the meetings will be well attended by the Reformers of Dexter and the neighboring towns, and that much good to the cause may result.

Your readers, or some of them at least, may remember that the next muster of Piscataquis Veteran Battalion was appointed for this place There has been considerable complaint on account of such action by companies at a distance, whose coming to Dexter would involve a journey of considerable length, and quite a little outlay of money. If held at Dover, these companies are transferred on the B. & P. R. R. free of all expense. The Colonel of the Battalion was here last Saturday, to have a candid talk on the subject with the Dexter Company He put the facts before them, and was positive in his assurance that the matter rested entirely with them. A vote was taken, and the Company was unanimous in its consent to relinquish any claim which it had in the matter. The muster will undoubtedly be held on the old ground, between Dover and East Dover villages, although some talk has been made about South Sebec. Probably there is not a more favorable location for a muster in this whole region than the one at Dover

This (Friday) evening there is to be a dramatic entertainment at the Universalist vestry, which has been looked forward to with considerable interest. There are several very good amateur actors here, and a number of the actors of the Oriental Dramatic Co , will have a part in the play to be presented, which will be "One Hundred Years Ago, or Our Boys of 1776."

The Dexter band, Mr. C. O Shaw, leader, gave its first open air concert from the stand on Dustin's Hill last Saturday evening and the streets were full of people. The music got many compliments. This band will be unusually strong this summer. The next concert will be this (Friday) evening, from the stand in front of Town Hall.

A list of assessments for sewer on Prospect street, together with plan of said sewer was submitted by the City Engineer and June 5, 1879, at 8 o'clock P M appointed as the time for hearing of parties interested

The above orders for surveys and plans of sewers do not settle the fact of their construction, but merely for the purpose of obtaining full knowledge of the desirability on part of abutting owners and the public generally. A full hearing will be given all parties interested for and against the same severally before any order for their construction is passed

PROFITABLE STOCK INVESTMENTS Before Messrs. Lawrence & Co , the New York bankers, inaugurated the combination system of operating in stocks it was often very difficult for inexperienced operators, or even old stagers, to deal profitably by their single handed ventures Now the field is open to every one for successful operations and capital in any amounts from $10 to $20 000 can be used with equal proportionate profit Instead of distracting effort among many customers, the orders of thousands are concentrated into one vast pool and co-operated for the benefit of all, dividing profits *pro rata* every month A prominent citizen of San Francisco made $1,264 80 from an investment of $300 last month Other customers are doing better still, $25 pays $125 during the month, $200 returns $1 200, or 6 per cent on the stock and so on as the market moves New circular contains "two unerring rules for success" and full instructions for any one to operate profitably All the advantages of unlimited capital and careful manipulation are secured by the combination method Stocks and bonds wanted Government bonds supplied Deposits received Apply to Lawrence & Co , Bankers 57 Exchange Place, New York City

Protect the System from Malaria.

It is possible to do this even in regions of country where miasma is most rife, and where the periodic fevers which it causes assume their most formidable types The immense popularity of Hostetter's Stomach Bitters is very largely attributable to the fact of its efficacy as a remedy for chills and fever, bilious remittents, and as a preventive of the various forms of malarial disease In those portions of the West and South where complaints of this nature prevail, and in the Tropics, it is particularly esteemed for the protective influence which it exerts, and it has been very widely adopted as a substitute for the dangerous and comparatively ineffective alkaloid sulphate of quinine Physicians have not been among the last to concede its merits, and the emphatic professional indorsements which it has received have added to the reputation it has obtained at home and abroad eodlw my21

ST. NICHOLAS,

Scribner's Illustrated Magazine FOR GIRLS AND BOYS.

AN IDEAL CHILDREN'S MAGAZINE.

Messrs. SCRIBNER & Co., in 1873, began the publication of ST NICHOLAS, an Illustrated Magazine for Girls and Boys, with Mrs. Mary Mapes Dodge as editor. Five years have passed since the first number was issued, and the magazine has won the highest position. It has a monthly circulation of

OVER 50,000 COPIES.

It is published simultaneously in London and New York, and the transatlantic recognition is almost as general and hearty as the American. Although the progress of the magazine has been a steady advance, it has not reached its editor s ideas of best, because her ideal continually outruns it, and the magazine as swiftly follows after To-day ST NICHOLAS stands

Alone in the World of Books:

The New York *Tribune* has said of it "ST NICHOLAS has reached a higher platform, and commands for its service wider resources in art and letters than any of its predecessors or contemporaries" The London *Literary World* says "There is no magazine for the young that can be said to equal this choice production of Scribner's press"

Good Things for 1878—9.

The arrangements for literary and art contributions for the new volume—the sixth—are complete, drawing from already favorite sources, as well as from promising new ones Mr Frank R. Stockton's new serial story for boys,

"A JOLLY FELLOWSHIP,"

Will run through the twelve monthly parts—beginning with the number for November, 1878, the first of the volume—and will be illustrated by James E Kelly The story is one of travel and adventure in Florida and the Bahamas For the girls a continued tale,

"Half a Dozen Housekeepers,"

By Katharine D Smith, with illustrations by Frederick Dielman, begins in the same number and a fresh serial by Susan Coolidge, entitled "Eye bright," with plenty of pictures, will be commenced early in the volume There will also be a continued fairy tale called

"Rumpty Dudget's Tower,"

Written by Julian Hawthorne, and illustrated by Alfred Fredericks About the other familiar features of St Nicholas, the editor preserves a good humored silence, content, perhaps, to let her five volumes already issued, prophesy concerning the sixth in respect to short stories, pictures, poems humor, instructive sketches, and the lore and lore of "Jack in the Pulpit," the "Very Little Folks" department, and the "Letter box," and "Riddle box"
